

Philips
s-filter® exhaust filter

1 x HEPA13 exhaust filter
s-filter® standard fit
Retains >99,95% of dust

FC8038/01

Original HEPA13 filter replacement from Philips

HEPA13 filter captures >99.95% of fine dust

The Philips HEPA13 filter for your vacuum cleaner captures 99.95% of the finest dust, for a dust-free environment, with clean allergen-free air. The air passing through the filter is even cleaner than the air already in your room.

Philips Original accessories

- HEPA13 exhaust filter for excellent filtration
- s-filter® standard fit for easy replacement
- Change every 12-months for sustained performance
- Non-washable filter

PHILIPS

Highlights

HEPA13 exhaust filter

The HEPA13 filter captures more than 99.95% of fine dust, which other filters simply recirculate back into the air of your home. It traps the fine particles, such as pollens and dust mites, which trigger allergy and asthma symptoms. The filter should be replaced once a year.

s-filter® standard fit

s-filter® is the standard exhaust filter that is widely available and easily recognizable by its logo. It fits several ranges of vacuum cleaners from Philips, as

well as vacuum cleaners from Electrolux, AEG, Volta and Tornado.

Change every 12-months

For optimal performance and filtration, we advise to change the filter every 12 months.

Non-washable

The filter does not need to be washed. It has a lifetime of 1 year, after which it needs to be replaced. Washing the filter can damage it.

Specifications

Suitable for

- Jewel: FC9050 - FC9079
- Marathon (AutoClean): FC9200 - FC9239
- Performer: FC9150 - FC9179
- PerformerPro: FC9180 - FC9199
