

Wireless HD Action Camera

The ultimately versatile Conceptronic WiFi HD Action Camera boasts 720p of High Definition video recording plus a host of cool features, all packed inside a tiny, durable case that is waterproof to 5 metres. Equally at home in the office, by the pool, or capturing precious family moments as it is on a biking adventure, kayaking, or on the dashboard of your car – anywhere that life takes you, the versatile Conceptronic Action Camera will do the job! A built-in microphone records the sounds of nature, adventure, or just daily life with perfect clarity, while bi-directional speakers play it back when you're done recording. The camera features a built-in Micro-SD slot for storage, and a free iOS/Android app or software allows simultaneous live viewing of up to four cameras from a mobile device or PC. Recharging is via a standard USB cable, and the 700 mA battery will provide up to two hours of recording. Never miss another precious life moment!
