Learn to drink like a grown up

The ideal transition cup for growing toddlers

The revolutionary Philips Avent drinking cup helps your toddler transition to grown-up drinking, without the mess. The unique spill-proof valve is lip activated and allows drinking from all around the rim, just like an adult's cup

Benefits

Easy transition to grown-up drinking

- Drinking from all around the rim, just like an adult cup

Unique spill-proof valve

- Lip activated valve encourages grown-up drinking

Ideal for growing toddlers

- Fast flow valve enables effortless drinking
- Ideal for 12m+ toddler

For independent drinking

- Trainer handles help your toddler to hold the cup
- Protective hygiene lid always keeps the cup clean

BPA-Free

- This cup is made from BPA-free material

PHILIPS

Features

Easy transition

This spoutless, strawless cup allows drinking from all around the rim, just like an adult cup. It encourages your toddler to get used to grown-up drinking, without the mess

Unique lip-activated valve

The unique valve is a brand new innovation, specially designed by experts at Philips Avent. The valve is lip-activated for your toddler to master free-flow drinking.

Hygiene lid

Whether at home or on the go, the protective hygiene lid always keeps the cup clean

BPA-Free

This Philips Avent cup is made from BPA-free material.
