Highlights

Aquatec Wet and Dry

The Aquatec wet and dry seal of the electric shaver lets you choose how you prefer to shave. You can get a comfortable dry shave or a refreshing wet shave using a shaving gel or foam for extra skin comfort.

Dual Precision blades

DualPrecision blades comfortably shave both long hairs and short stubble. 1. Slots cut long hairs. 2. Holes cut stubble

GyroFlex 2D

The GyroFlex 2D contour-following system of the shaver adjusts easily to the curves of your face, minimising pressure and irritation for a close shave.

Click-on beard styler

Change up your look with the skin-friendly beard styler attachment. Choose from 5 length settings to create anything from a perfect stubble look to a short, neatly trimmed beard. Rounded tips and combs prevent skin irritation.

SkinGlide

The low-friction SkinGlide shaving surface of the electric shaver slides smoothly along your skin for a close, easy shave.

Super Lift and Cut

The dual-blade system built into the Philips electric shaver lifts hairs to cut comfortably below skin level for a closer shave.
