

**Bulk Cat 5e Ethernet Cable - 1000 ft. - Solid - Plenum CMP - Gray**

*StarTech ID: WIR5ECMPGRY*

The WIR5ECMPGRY Cat5e Plenum Bulk Cable (1000 ft) meets or exceeds all Cat 5e specifications to ensure reliable Ethernet network connections, and features a foot-marked jacket that enables you to measure your cable runs to your exact installation requirements. Also, the gray PVC jacket enables you to color code your drops as needed for a more organized installation.

Constructed of only top quality materials, the WIR5ECMPGRY delivers reliable performance and is backed by our Lifetime Warranty.

## **Plenum Rated**

This Category 5e cable has been tested for CMP (FT6) plenum-ratings, and is ideal for installation in air plenums, ducts, walls, conduit, ceilings, etc. where CMP fire rating is required.

## **100% Copper - a better value**

StarTech.com Cat5e cables are manufactured using high-quality copper conductors. While many cable manufacturers offer a "cheaper" cable, based on a copper-coated aluminum core, we make no compromises on quality to ensure you receive top value and performance for your network cable investment.

## **24 AWG Wire**

This Cat 5e cable is constructed with 24 gauge copper wire, to support a broad range of Ethernet applications such as Power over Ethernet (PoE). Because we use a high quality copper wire, our cables easily sustain the power required for Power over Ethernet applications, whereas the inferior quality offered by copper-coated aluminum cables may be subject to insufficient power delivery, heat buildup, equipment damage and potentially, fire.

## Applications

- Can be used in air ducts and plenums where CMP fire rating is required
- Designed for use with Fast Ethernet networks

## Features

- UL Listed CMP/FT6 Plenum Fire Rating
- Foot-marked cable
- High quality 24 AWG copper wire
- Carefully constructed and tested, to keep Near End Crosstalk (NEXT) well within acceptable limits
- Constructed with top quality components
