- 360-degree design for gorgeous look from any angle
- Compact design for any space, any lifestyle

Advanced versatility

- PC synchronisation with your iPod/iPhone
- Dock any iPod/iPhone, even in its case
- AUX-in for easy connection to almost any electronic device
- Battery or AC power option for music enjoyment anywhere
- Free DockStudio app for Internet radio and other cool features

PHILIPS

Features

Neodymium speakers

Neodymium is the best material for producing a strong magnetic field for greater sensitivity in a voice coil, better bass response and a pure balanced sound quality.

PC synchronisation

Dock it, play it, sync it and charge it! Dig in to your favourite music on your iPod or iPhone while it charges and synchronises with your PC via USB — and enjoy superb sound quality together with thoroughly unbeatable convenience. Let the great tunes go on and on — without ever running out of power.

Dock iPod/iPhone in its case

Smartly designed spring-loaded docking port effortlessly accommodates any iPod or iPhone, without special adapters. What's more, it works even when most protective cases are on — just dock your iPod or iPhone as it is. Now you can truly have fuss-free enjoyment of your music.

DockStudio app on App Store

The free app adds an array of exclusive cool features to your docking speaker. You can check the weather, tell the time and even use your favourite images as wallpaper. DockStudio also lets you listen to thousands of Internet radio stations worldwide. More updates on skin styles and new functions on the way.
