Specifications

Power consumption

- Wattage: 8 W
- Wattage equivalent: 25 W

Light characteristics

- Light effect/finish: Warm White
- Light output: 500 lumen
- Color temperature: 2700 K
- Color rendering index (CRI): 81
- Application: Comfortable light

Durability

- Average life (at 2.7 hrs/day): 8 year(s)
- Lifetime of lamp: 8000 hour(s)

Bulb dimensions

- Height: 100 mm
- Width: 40 mm

Bulb characteristics

- Shape: Spiral
- Cap/fitting: E14
- Voltage: 220-240 V
- Dimmable: No

Highlights

Energy efficient

All Philips energy savers save energy from the moment you turn the switch. During their lifetime they use fewer kW and thus also result in a lower energy bill. The level of energy saving differs per lamp type and technology.

Carbon footprint

Energy savers reduce the amount of energy in your home, which not only results in a lower energy bill, but also in less carbon (CO₂) output by your energy supplier. Together we make this a better world to live in.

Extra brightness

Brighter usually means more power, and a brighter life comes at a price. Philips energy- saving lamps give you more light without requiring more power.

Compact size and high perform

Our smallest energy saving lamps are just as small as a traditional light bulb. You can now save energy and money in all your lights and lamps, without compromising on light quality.
