Maximum brightness for increased comfort

A brighter, inspiring home

Choose Philips Tornado energy saving light bulbs for state-of-the-art technology offering superior brightness in an extra-small spiral shape.

Sustainable choice

- Save energy from the moment you turn the switch
- Carbon footprint

Provides extra brightness

- Energy-saving brightness

Full lamp and light fixture compatibility

- Small, high-performance bulb

PHILIPS

Spiral energy saving bulb
24 W (100 W) E27 cap, Cool daylight

Specifications

Power consumption

- Wattage: 24 W
- Wattage equivalent: 100 W

Light characteristics

- Light effect/finish: Cool Daylight
- Light output: 1450 lumen
- Color temperature: 6500 K
- Color rendering index (CRI): 80
- Application: Comfortable light, Extra brightness

Durability

- Average life (at 2.7 hrs/day): 8 year(s)
- Lifetime of lamp: 8000 hour(s)

Bulb dimensions

- Height: 119 mm
- Width: 62 mm

Bulb characteristics

- Shape: Spiral
- Cap/fitting: E27
- Voltage: 220-240 V
- Dimmable: No

Highlights

Energy efficient

All Philips energy savers save energy from the moment you turn the switch. During their lifetime they use fewer kW and thus also result in a lower energy bill. The level of energy saving differs per lamp type and technology.

Carbon footprint

Energy savers reduce the amount of energy in your home, which not only results in a lower energy bill, but also in less carbon (CO₂) output by your energy supplier. Together we make this a better world to live in.

Extra brightness

Brighter usually means more power, and a brighter life comes at a price. Philips energy- saving lamps give you more light without requiring more power.

Compact size and high perform

Our smallest energy saving lamps are just as small as a traditional light bulb. You can now save energy and money in all your lights and lamps, without compromising on light quality.
