- Cut to size
- Plug & Play: easy installation
- Easy to mount with adhesive tape
- Connect to mains power

Easy and safe to use
- Easy-to-use remote control
- Protective silicon layer
- Safe LED technology

PHILIPS

Highlights

Choose among 16 colors

Choose your favorite color out of the 16 different colors including white.

Diffused light effect

All the different colors blend naturally into your interior thanks to the diffused light effect with an output of 125 lumen / meter.

Automatic color changing mode

The remote control offers 4 different settings to automatically change the colors of the LightStrips.

Dimmable

Adjust the brightness by using the remote control.

Extendable up to 5 meters

The LightStrips Extend are easy to install in different types of applications. The seperately available extension kits allow you to extend your product up to 5 meters of length.

Cut to size

If your LightStrips do not exactly fit the required application, you can easily cut them to size. Cutting marks on the product indicate where to cut.

Plug & Play: easy installation

The LightStrips are very easy to install and guarantee immediate fun thanks to the plug & play principle. Everything you need is already included in the box and explained in the Quick Start Guide.

Easy to mount

Paste the LightStrips wherever you like thanks to the integrated adhesive strip on the backside.

Connect to mains power

The LightStrips Extend are connectable to mains power and wall switches in order to make more professional and embedded installation possible.
