# Simplify scanning. Automate indexing. Maximize connectivity.

Document capture solutions for every need from Kodak Alaris

Kodak Alaris understands the demands of capturing document content across virtually any operation—from the knowledge worker scanning an occasional report to high-volume production scanning. We make your scanning software choice simple because our capture solutions can increase productivity and reduce cost in any scanning environment.

A tool for every need

I need to do:	Smart Touch functionality	Capture Pro Software Limited Edition	Capture Pro Software (full version)
One-button, single-document scanning and output	✓		
Basic batch scanning, indexing and output		✓	
Advanced multi-batch scanning, indexing and output (and much more)			✓

Kodak Alaris' Smart Touch functionality

Eliminate complicated multi-step scanning processes with one-touch simplicity. Configure up to nine different functions to fit your specific scanning needs and quickly perform common scanning tasks. Smart Touch allows you to easily scan a document to a file location or common cloud services.

INCLUDED

With Smart Touch you can:

- Automatically attach scanned documents to e-mails
- Create, file and search PDF files
- Convert documents into PDF, **Microsoft Word**, or image file formats
- Output to a folder or cloud service in many formats (TIFF, JPEG, BMP, PDF, sPDF and more)
- Print your documents on any networked office printer
- Send to common destinations like e-mail, **Microsoft Office**, **Adobe Acrobat**, **Microsoft SharePoint**, **Nuance PaperPort**, **Nuance OmniPage**, or other third-party applications
