

# Case Logic Luminosity™ Collection

## CSC/DSLR Sling

DSS-101

Sporty enough for the trails and streamlined for the city, this functional compact camera sling is a must-have for on-the-go photographers.

Adjustable divider walls and blue interior make it a breeze to customize and organize your compact system camera or compact DSLR along with 1-2 lenses or flash and accessories. Sling design allows you to quickly access all contents of the bag without taking it off and you'll never want to with the comfort of a thickly padded mesh backpanel and shoulder strap that offer ergonomic support in each wearable position.

### Product Features:

1. Main compartment protects a Compact System Camera or compact DSLR, 1-2 lenses or flash and accessories with adjustable divider walls to create a customized fit
2. Sling design offers quick and secure access to camera gear and functions as a work out of station
3. Dedicated compartment is sized to fit an iPad®
4. Dedicated internal memory card slip pocket
5. Zippered top compartment stores personal items such as a phone, snack or sunglasses
