- HDMI ARC
- 200W

HTL3140B/12

Powerful sound for any TV

with wireless subwoofer

Get amazing virtual surround sound from your TV via just one cable! In addition to movies, you can also enjoy top quality Music iLink MP3 playback from your mobile devices.

Benefits

Connect and enjoy all your entertainment

- Enjoy MP3/WMA music directly from your portable USB devices
- Works with TVs, BD/DVD players, gaming consoles, MP3 players
- Audio in to enjoy music from iPod/iPhone/MP3 player
- EasyLink to control all HDMI CEC devices via a single remote
- One-touch with NFC-enabled smartphones for Bluetooth pairing
- Stream music wirelessly via Bluetooth™ from your smartphone

Designed for simplicity

- Low-rise profile for the perfect fit in front of your TV

- Flexible placement on the wall, tabletop or stand

Richer sound for watching TV and movies

- Virtual Surround Sound for a realistic movie experience
- Dolby Digital for ultimate movie experience
- Twin tweeters for optimum clarity performance
- Wireless subwoofer adds thrill to the action
- External subwoofer adds thrill to the action

PHILIPS

Features

Virtual Surround Sound

Philips Virtual Surround Sound produces rich and immersive surround sound from less than five-speaker system. Highly advanced spatial algorithms faithfully replicate the sonic characteristics that occur in an ideal 5.1-channel environment. Any high quality stereo source is transformed into true-to-life, multi-channel surround sound. No need to purchase extra speakers, wires or speaker stands to appreciate room-filling sound.

Dolby Digital

Because Dolby Digital, the world's leading digital multi-channel audio standards, make use of the way the human ear naturally processes sound, you experience superb quality surround sound audio with realistic spatial cues.

USB

Audio in

Audio in allows you to easily play your music directly from your iPod/iPhone/iPad, MP3 player, or laptop via a simple connection to your Philips home cinema system. Simply connect your audio device to the Audio in jack to enjoy your music with the superior sound quality of the Philips home cinema system.

Specifications

Please note that this is a pre-sales leaflet. The contents of this leaflet reflect the best of our knowledge per date and country mentioned above. The contents of this leaflet are subject to change without notice. Philips does not accept any liability as to the contents of this leaflet.

Sound Enhancement	Night Mode Treble and Bass Control Virtual Surround Sound
Sound System	Dolby Digital
Speaker output power	2x 30 W
Subwoofer output power	140W
Total Power RMS @ 10% THD	200 W

One-touch with NFC

Pair Bluetooth® devices easily with one-touch NFC (Near Field Communications) technology. Just tap the NFC enabled smartphone or tablet on the NFC area of a soundstage to turn the soundstage on, start Bluetooth® pairing, and begin streaming music.

Stream music via Bluetooth™

Bluetooth is a short range wireless communication technology that is both robust and energy-efficient. The technology allows easy wireless connection to iPod/iPhone/iPad or other Bluetooth devices, such as smartphones, tablets or even laptops. So you can enjoy your favorite music, sound from video or game wireless on this speaker easily.
