

SPA8210/37

PC speaker with high fidelity sound

Obsessed with sound

Packing a powerful wOOx bass and a high-definition silk dome tweeter in a stylish aluminum-fronted cabinet, Philips SPA8210 speakers look and sound just wonderful!

Benefits

Rich, complex sound

- Dumbbell speaker design for naturally balanced sound
- 40W RMS total output power
- Silk dome tweeter for crystal clear sound
- wOOx technology for rich yet precise bass without distortion
- PP driver material
- Well damped driver reduces vibration and sound distortion
- Distortion free at maximum sound output

Exquisite design and finishing

- Aluminum metal front

Simplicity

- Compatible with any media
- Convenient aux-in and headphone out on front of speaker

Features

Dumbbell speaker design

With a dumbbell speaker design, the high-range tweeter is positioned at the midpoint, between two lower frequency woofers. In this product the woofer driver is on top, with the tweeter in the middle and the Philips patented wOOx on the bottom. This configuration generates a more balanced sound

making the overall audio effect more natural. And the premium finish of this quality speaker will complement you and your choice of audio equipment.

PHILIPS

Aluminum metal front

Premium build quality design. The speakers front is made from a single piece of anodized brushed aluminum – the same material used to build aircraft. The aluminum, curved to create an ideal acoustic chamber, optimizes audio delivery for sound that is accurate, powerful, natural and crystal clear.

Silk dome tweeter

A silk dome tweeter holds a diaphragm made with silk - a material superior to the others that is used in ordinary tweeters. The silk material used in the diaphragm has superior sound damping characteristics and its soft texture ensures minimal acoustic breakup. As a result, the sound produced by a silk dome tweeter is smooth, warm and has a wide range.

wOOx technology

wOOx technology is a revolutionary loudspeaker concept that allows you to hear and feel profoundly deep bass that is richer than any other audio system.

Special speaker drivers work in harmony with the wOOx bass radiator, and precise tuning between the main driver and the tweeter ensures smooth transitions from low-mid to high frequencies. Dual suspension and a totally symmetrical sandwich construction deliver low and precise base without noticeable distortion. wOOx produces exceptionally deep and dynamic bass by using the speaker box full volume to truly magnify the impact of the music.

PP driver material

The polypropylene (PP) material in the driver, which is soft, makes for better high frequency sounds. It can help rolling out and produces a purer sound with better clarity and balance. Easier to integrate with the tweeter, the use of this lightweight material results in less vibration.

AUX-in and headphone out

Now you can enjoy your favorite music and entertainment even easier and more conveniently, via the aux-in and headphone out jack on the front of these speakers. Usually, if you want to connect another device other than your PC you have to unplug the 3.5mm jack from the computer and that is not always expedient. But with the aux-in and headphone out connections on front you can quickly and easily listen to music straight from almost any device.

Specifications

Please note that this is a pre-sales leaflet. The contents of this leaflet reflect the best of our knowledge per date and country mentioned above. The contents of this leaflet are subject to change without notice. Philips does not accept any liability as to the contents of this leaflet.

Audio systems

Output power in total	40W
Power	100-240V, 50/60 Hz
Frequency range	20Hz-20kHz
Input impedance	47Kohm
Signal/Noise ratio	>75dB
THD	<1%

Driver power range	1-20Wx2
Frequency range	60Hz-20kHz
Norminal impedance	8ohm
Sensitivity	84dB(2.83V/1m)

Connectivity

Cable length	1.5 m
Connector	3.5 mm stereo

Audio systems L/R channels

Rated output power	20W x2
Audio power amplifier	Class-AB Amplifier
Channel separation	>45dB
Input sensitivity	600mV

Packaging content

Quick installation guide	Yes
Number of satellites	2

Left/Right speakers

Speaker driver	3" full range, 20mm silk dome
