

wireless portable speaker

- Bluetooth®
- Built-in microphone for calls
- Rechargeable battery
- 3W

BT2500B/37

Make your move with your music

Brilliant sound in a slim body that slips in anywhere. Coupled with a stylish design and a aluminium knob for a touch of quality.

Benefits

Impressive sound

- Anti-clipping function for loud, distortion free music
- Advanced audio performance with a slim design

Simplicity in use

- Wireless music streaming via Bluetooth
- Built-in microphone for hands-free phone calls

- Audio-in for easy connection to almost any electronic device

Designed for grab and go

- Built-in rechargeable battery for music playback anywhere
- Use your own strap to carry it anywhere

Features

Wireless music streaming

Bluetooth is a short range wireless communication technology that is both robust and energy-efficient. The technology allows easy wireless connection to iPod/iPhone/iPad or other Bluetooth devices, such as smartphones, tablets

or even laptops. So you can enjoy your favorite music, sound from video or game wireless on this speaker easily.

PHILIPS

Anti-clipping function

Anti-Clipping lets you play music louder and keeps it high quality, even when the battery is low. It accepts the input signals from 300mV to 1000mV and keeps your speakers safe from damage by distortion. This speaker handles anti-clipping through a dedicated audio limiter IC. This monitors the musical signal as it goes through the amplifier and keeps peaks within the amp's range, preventing the audio distortion caused by clipping without affecting loudness. A speaker's ability to reproduce musical peaks decreases along with battery power, yet anti-clipping reduces peaks caused by low battery.

Audio-in

Built-in microphone

With its built-in microphone, this speaker also works as a speaker phone. When a call comes in, the music is put on pause and you can talk via the speaker. Call for a business meeting. Or, call your friend from a party. Either way, it works great.

Specifications

Please note that this is a pre-sales leaflet. The contents of this leaflet reflect the best of our knowledge per date and country mentioned above. The contents of this leaflet are subject to change without notice. Philips does not accept any liability as to the contents of this leaflet.

Compatibility

iPad	iPad 1 iPad 2 new iPad iPad mini iPad with Retina display
