Highlights

High-resolution audio

High-resolution audio offers the best in audio performance, reproducing original studio master recordings more faithfully than 16 bit/44.1 kHz CD formats. This uncompromising quality makes high-resolution audio the best sound companion for the music lover. Fidelio headphones meet the stringent standards required for the Hi-Res Audio stamp of quality. Whether you are enjoying your Hi-Res collection or a more traditional music source, the smooth extended high frequencies of the Fidelio headphone range help you get more from your music.

13.5-mm neodymium drivers

Each speaker driver is carefully handpicked, tuned and tested before being paired to ensure delivery of the most balanced, natural sound. The 13.5-mm drivers utilise high-power neodymium magnets to deliver deep bass impact, transparent mid-range and refined high frequencies.

Copper alloy outer housing

Copper alloy outer housing for lightweight durability

Engineered metal housing

The metal housing is meticulously engineered to reduce resonance and vibration, delivering authentically precise sound marked by incredible sound detail.

Handpicked, tuned and tested

Each speaker driver is specially tested and handpicked for ideal stereo pairs, together delivering superbly deep bass, transparent mid-range and refined high frequencies.

Ergonomic earphones

The Fidelio S2 earphones are ergonomically shaped to fit your ear's natural curve, all the while dispersing pressure. Its lightweight copper alloy construction and superior

S2KB/00

materials ensure long-lasting comfort, allowing you to experience true comfort as you enjoy your music to the fullest.

In-line control and mic

The Fidelio S2 in-ear headphones feature an in-line remote and microphone so you can switch easily between your music and calls. Stay connected with important people – and your music, always.

Soft and durable flat cable

Every aspect of your Fidelio in-ear headphones is carefully designed for an exceptional music enjoyment experience – always. Their innovative dual-colour flat cable – made from high-quality, durable yet stylish material – has anti-tangle properties, allowing you to freely get into your music on the go, without spending any time and energy sorting out the cable. Smart, smooth and easy all the way.

Anti-scratch matt coating

The ergonomically designed ear shell is protected by a matt finish, which imparts not only a premium look and feel but also durability and resistance to scratches. The protective coating makes the earphones easy to clean and even easier to bring along with you anywhere you go. Just give them a wipe and they'll look as good as new.
