Our best gliding SteamGlide Plus soleplate to whizz through your ironing. The carefully designed vents secure a well balanced steam distribution.

Just select the temperature for the garments you're ironing and off you go.

## Triple Precision Tip

The pointed tip on the Philips Azur Performer is very precise in 3 ways: it has a pointed tip, button groove and a sleek design of the nose. The Triple Precision tip enables you to reach even into the most tricky areas, e.g. around the buttons or between the pleats.

In addition to the built-in calc container, the self-clean function of your soleplate will remove the most stubborn calc. A clean soleplate will improve your steam performance and ironing results.

## Steam boost up to 180 g

The steam boost can be used for vertical steaming and tough creases.
