Highlights

Microdermabrasion Sensitive

Recommended to use for women new to microdermabrasion treatments, or for women with sensitive skin or in periods when the skin is more sensitive due to seasonal or hormonal changes. Developed with dermatologists, safe for home use. When using a new tip, always start again with a limited number of passes; allowing your skin to get used to its more intense treatment.*

Easy fit

Easy to fit and compatible with Philips SC6220 and SC6240.

Replace every 6 months

For optimal results, it is recommended to replace the microdermabrasion tip every six months.
