

## EAP150 Air Cleaner

The EAP150 air cleaner is ideal for compact living. Its Pure Source™ system cleans in 3 stages for up to 99.97% cleaner air. Features an air quality sensor, Allergy Plus filter and manual Sleep Mode.

### Wake up refreshed and rested

Clean air is essential to the quality of your sleep. The purifier is equipped with the multiple stage Pure Source™ filtration system. It removes dirt, dust, pollen and odors in three stages to ensure 99.97% cleaner air.

### Choose the setting which fits you best

Air Quality sensor constantly measures pollutants in the air and notifies you when the level increases. Manually change settings to ensure that you always have optimal air quality in the room.

### More Benefits :

- Enjoy peace of mind
