## Features

### Solar charging

To charge the batteries of the Philips Candles Outdoors, simply place them upside down with the solar panel facing the sun. Direct sunlight is necessary for charging, so avoid placing the Candles Outdoors in the shade while charging.

### IP44 - weather-proof

This Philips outdoor light is especially designed for humid outdoor environments. It was tested rigorously to ensure its water resistance. The IP level is described by two figures: the first one refers to the protection level against dust, the second against water. This outdoor light is designed with IP44: it is protected against splashing water. This product is most commonly used and ideal for general outdoor use.

### Soft candlelight effect

These candles provide a soft warm candlelight effect with a gentle flicker. Perfect for creating a touch of ambience in your outdoor space.

### Safe LED technology

These Philips candles are cool to touch thanks to the use of LED technology. You can create the perfect ambience without the risk of open flames, hot wax or smoke.

### Spike and hanging accessory

In a flowerpot, in the garden or somewhere in a tree. With the spike and hanging accessory, it's very easy to vary the placement of your Philips Candles Outdoors.

### Freedom of placement

Thanks to the two AAA batteries included, the candles work without the fuss of wires. You can place them everywhere from a table to a small corner or even on a bookshelf.

### High quality material

These candles are made of high-quality, durable plastic. Thanks to the timeless design, they easily fit any interior.

### Easy to switch on and off

By tilting the LED candle light you can switch it on and off. Surprisingly easy and funny.
