

EPW 6565 Projector Wall Mount

Article number (SKU) 8023654
Colour Silver

Key Benefits

- Mount your projector facing either straight up or upside down, Lock the projector into position, Easy to place and remove with a single click, Position your projector wherever you desire

The EPW 6565 Projector Wall Mount lets you mount your projector on the wall with style. You can easily position your projector and secure it to maintain a stable image while viewing with the Adjust & Secure feature. It comes with the universal Projector Connector that fits virtually every projector weighing up to 10 kg. The flexible horizontal arm lets you position your projector in a number of different ways. The arm can be reversed so that you can mount your projector facing either straight up or upside down for the best projection at any height. No matter what size projector, with the adjustable arm you can easily position your projector horizontally (near to the wall) and vertically (for the ideal height). The unique spherical hinge joint has a huge range of movement so you can position your projector wherever you desire. You can easily hide and guide your cable at any height. When not in use, simply remove your projector and the horizontal arm with a single click. The EPW 6565 can be equipped with an additional universal padlock to prevent theft.
