Relieves muscle pain

- Deep penetrating Infrared warmth

Extra focused treatment

- 150 Watt infrared lamp with extra focus

Easy to use

- Adjustable angle
- On/off switch

Easy to store

- Cord storage

Highlights

Deep penetrating Infrared warmth

Infrared light has been proven to effectively relieve aches and pains caused by muscular pains and stiff joints. The comfortable warmth created by infrared light penetrates deep into your skin, stimulates blood circulation and warms your muscles. As your muscles are soothed, they automatically loosen up and relax. Because it makes the tissue more pliable, warmth also reduces stiffness and makes joints more flexible.

150 Watt infrared lamp with extra focus

150W

The Philips Infrared lamp has been optimized for pain relief in areas covering 20 x 30 cm for example shoulder, elbow, calf, or neck. The concentric rings help to focus the beams on a specific area.

Adjustable angle

The infrared lamp can easily be positioned upto 40 degrees backwards.

On/off switch

Easy on/off switch at the back of the infrared lamp, so the appliance does not have to be unplugged after each treatment.

Cord storage

The infrared lamp has a cord storage holder at the back of the appliance. Simply wrap the cord around it and it can easily be stored again.
