

Philips Screeneo
Screeneo Smart LED Projector

HDP1550/EU

Get the big picture

Enjoy big entertainment - an image from 50" up to 100" with Screeneo placed just a few centimetres from the wall. Easy to move it around in the house, or simply set up your outdoor cinema in the garden! Also features great sound!

Benefits

From small to big with excellent image quality

- Flexible screen size — from 50 to 100"
- LED technology for brilliant colours and long life

Enrich your sound experience

- Integrated speakers and subwoofer

Features

Flexible screen size

Experience your films, sport events or gaming like you have never done before, from 50" up to 100". Sit back and enjoy in the comfort of any room in your home. Screeneo can easily be placed close to any smooth wall. You just need to grab the stylish leather handle at the back of the product. For viewing a cartoon film for kids on a 50", place it 10 cm from the wall. For your favourite football match on 100", place Screeneo 44 cm away from the wall.

Integrated speakers

There is no need to connect to any sound system thanks to the integrated subwoofer and loudspeakers, with an output power of 26 W RMS. Your perfect sound experience will be completed with Dolby Digital 2.1 sound system.

LED technology

Screeneo uses high-quality LED technology to project your photos, films and more in brilliant colour and for a duration of 30,000 hours. Combined with the innovative ultra short throw technology, it guarantees a big wow anytime you switch it on.
