

Bluetooth® Hi-Fi adapter

- Bluetooth® music receiver
- For smartphone, tablet
- NFC
- Bluetooth® aptX and AAC

AEA2500/05

Play music wirelessly from smartphone to Hi-Fi

Bluetooth-enabled

Philips Bluetooth® Hi-Fi Adapter turns your Hi-Fi or PC speaker system into a wireless sound system. Simply connect the adapter, and you're ready to play music from your smartphone, tablet and other Bluetooth-enabled devices to your Hi-Fi.

Benefits

Wireless music streaming via Bluetooth® technology

- One-Touch with NFC-enabled smartphones for Bluetooth pairing
- High-fidelity Bluetooth® (aptX® and AAC) music streaming
- Connects wirelessly via Bluetooth® technology
- Works with any smartphone or tablet with Bluetooth®
- Stream your local music library via Bluetooth® technology
- Stream music apps from your smartphone or tablet to Hi-Fi

- Uses RCA or 3.5-mm jack to connect adapter
- Enjoy better sound than from your smartphone
- Connects to almost any Hi-Fi or PC speaker system

Simplicity in use

- Plug-and-play for easy use
- Smooth and compact design

Turns your Hi-Fi into a wireless sound system

PHILIPS

Features

NFC technology

Pair Bluetooth® devices easily with one-touch NFC (Near Field Communications) technology. Just tap the NFC-enabled smartphone or tablet on the NFC area of a speaker to turn the speaker on, start Bluetooth® pairing and begin streaming music.

High-fidelity Bluetooth®

With advanced technology, sound streamed via Bluetooth® is brought to the next level. Standard Bluetooth® audio uses an SBC codec that is built for basic audio transmission, sometimes leaving listeners disappointed and dissatisfied. The Hi-Fi adapter, however, is armed with high-fidelity (aptX® and AAC) Bluetooth® wireless technology – giving you rich, powerful and crystal clear sound. Compatible with both the latest Android™ and Apple iOS smartphones, tablets and other devices, Philips now delivers the audio quality you have come to expect. Wireless music never sounded this good.

RCA or 3.5 mm jack

Standard analogue RCA or 3.5-mm jack (cable included).

Enjoy better sound

You love music, and have a huge library on your smartphone and tablet. But the built-in speakers just don't sound right. With the Bluetooth® Hi-Fi adapter you can listen to all your favourite music with better sound.

Plug-and-play

The Bluetooth® Hi-Fi adapter connects readily to your favourite Hi-Fi. Just plug it into the RCA or 3.5-mm jacks, and you are ready to play music from your smartphone or tablet on your Hi-Fi.

Bluetooth® connectivity

The Bluetooth® Hi-Fi adapter uses Bluetooth® to connect to your smartphone or tablet.

Compact design

The Bluetooth® Hi-Fi adapter features a compact and streamlined design, looking perfect on your favourite Hi-Fi.

Links to smartphone or tablet

Bluetooth® Hi-Fi Adapter works with Bluetooth®-enabled phones and tablets. Just turn on Bluetooth®, connect to the Hi-Fi adapter and play music from your smartphone/tablet on your Hi-Fi.

Stream music library

You store your music on smartphone and tablet. With the Bluetooth® Hi-Fi Adapter, you can stream all your music from your music library to your Hi-Fi system.

Stream online music apps

All music lovers have their favourite music service or online radio apps on their mobile devices. Now you can play them directly on your Hi-Fi system.

Works with most Hi-Fi systems

You can connect the Bluetooth® Hi-Fi adapter to almost any Hi-Fi or PC speaker system using standard analogue RCA or 3.5-mm jack.
