

docking speaker

- DualDock
- for iPod/iPhone/iPad

DS1600/05

Sound that fits your home for iPod/iPhone/iPad

The DS1600 docking speaker plays and charges all your iPods/iPhones/iPads with Philips DualDock via Lightning and 30-pin connectors. It gives you full and rich sound and features a USB port for charging a second mobile device for added versatility.

Benefits

Surprisingly rich sound

- Rich omni-directional sound to fill your bedroom
- Shielding technology to block mobile phone interference
- 2 Active drivers and bass pipe for balanced rich sound

Designed for your bedroom

- DualDock to charge and play Apple devices (Lightning and 30-pin)
- Auto synchronisation of time or date when docked
- Soft glow night light

- Elegant and compact design to fit on any bedside table

Advanced versatility

- Charge second mobile device via USB port
- Free ClockStudio app for internet radio and other cool features
- Audio-in for portable music playback

PHILIPS

Features

DualDock to charge and play

The innovative Philips DualDock with Lightning and 30-pin connector can charge and play any Apple device. Created to meld sleek styling with effortless functionality, you can switch between either connector in a flash. Enjoy your favourite tunes no matter what Apple device you want to use.

USB for second device

For added convenience, this speaker also boasts a USB port for charging a second mobile device even when your iPod/iPhone is docked.

Auto clock/date sync

Docking station automatically synchronises the clock or date with your iPod/iPhone/iPad when docked. Just press a button to switch between clock and date display.

Free ClockStudio app

The free app adds an array of exclusive cool features to your docking speaker. You can check the weather, tell the time and even use your favourite images as wallpaper. ClockStudio also lets you listen to thousands of Internet radio stations worldwide. More updates on skin styles and new functions on the way.

Audio-in

The Audio-in connectivity allows direct playback of Audio-in content from portable media players. Besides the benefit of enjoying your favourite music in the superior sound quality delivered by the audio system, the Audio in is also extremely convenient as all you have to do is to plug your portable MP3 player into the audio system.
