Features

V-Track precision blade system

Get the perfect close shave. The V-Track Precision Blades gently position each hair in the best cutting position, even the flat laying and different length of hairs. Cuts 30% closer in less strokes leaving your skin in great condition.

8-direction ContourDetectHeads

Follow every contour of your face and neck with 8-directional ContourDetect heads. You'll catch 20% more hairs with every pass. Resulting in an extremely close, smooth shave.

Super Lift & Cut Action

Shave closer with the dual-blade Super Lift & Cut action. The first blade raises each hair while the second blade comfortably cuts below skin level, for really smooth results.

Personal comfort settings

Choose between 3 modes to customize your shave: Sensitive – for a gentle, yet thorough shave. Normal – for a thorough, everyday shave. Fast – for a quick shave that saves you time.

Aquatec Wet & Dry

Choose how you prefer to shave. With the Aquatec Wet & Dry seal, you can opt for a quick yet comfortable dry shave. Or you can shave wet – with gel or foam – even under the shower.

SmartClean System PLUS

At the touch of a button SmartClean PLUS cleans, lubricates, dries and charges your shaver, so it'll perform at its best every day.

SmartClick beard styler

Change your look with the SmartClick Beard Styler attachment. Choose from 5 length settings to create anything from a perfect stubble look to a short, neatly trimmed beard. Rounded tips and combs are designed to prevent skin irritation.

5 level LED display

The intuitive display shows relevant information, enabling you to get the best performance out of your shaver: - 5-level battery and travel lock indicators - Cleaning Indicator - Battery Low Indicator - Replacement Head Indicator
