- Perfect to relax and socialise

Sustainable light solutions

- High quality LED light
- Philips offers 5 year warranty on the LED module and driver
- Energy saving
- Warm white light
- Lange Lebensdauer von bis zu 15 Jahren

PHILIPS

Besonderheiten

High quality LED light

The LED technology, integrated into this Philips lamp, is a uniquely developed solution by Philips. While instantly turned on, it enables an optimal light output and brings out vivid colors in your home.

5 year warranty on LED system

On top of the standard 2 year warranty for this lamp, Philips offers 5 year warranty on the LED system, meaning the LED module and the driver in this lamp.

Warm white light

Light can have different color temperatures, indicated in units called Kelvin (K). Lamps with a low Kelvin value produce a warm, more cosy light, while those with a higher Kelvin value produce a cool, more energising light. This Philips lamp offers warm white light for a cosy atmosphere.

Energy saving

This Philips energy saving lamp conserves energy compared to traditional light sources, helping you to save money on your electricity bills and do your bit for the environment.

Long operating life

Eine zuverlässige Lichtquelle auf die Sie sich immer verlassen können. Die in dieser LED-Lampe von Philips integrierten LEDs haben eine Lebensdauer von bis zu 15.000 Stunden (entspricht 15 Jahren bei einer durchschnittlichen Nutzung von 3 Stunden/Tag mit mindestens 13.000 Ein-/Ausschaltzyklen). Durch Philips-LED müssen Sie sich keine Gedanken mehr über die Wartung oder den Austausch der Lampe machen und können in Ihrem Zuhause immer eine perfekt beleuchtete Atmosphäre genießen.

Create a stylish atmosphere

This light is designed around the latest tastes, trends and lifestyles to blend effortlessly into your décor and define the localised ambience you have always desired.

Perfect to relax and socialise

The living room is the heart of any home - a place where families gather to relax and guests socialise. Lighting for your living- and bedroom has to be flexible and easy to adjust to its different uses throughout the day. Careful placement of different light sources and playing with light layering helps create the feeling of space and to give the room a warm and welcoming feel.

Daten
