Intuitive and easy to use

- SpeedTouch technology to intuitively set the right speed
- Anti-splash blade guard with special wave shape
- Ergonomically designed grip for secure and easy handling
- Single button release for easy assembly

PHILIPS

Features

ProMix blending technology

Developed together with the prestigious Stuttgart University, Philips ProMix is a unique, advanced technology that uses a specific triangular shape to create optimal food flow and maximum performance for faster and more consistent blending.

Powerful 800 Watt motor

Powerful and reliable 800W motor that can drive a large variety of accessories to allow processing of almost any ingredient and deliver great results during food preparation.

SpeedTouch with Turbo boost

Intuitive variable speed setting and turbo boost in one button that gives you more power as you squeeze. Start slowly to prevent splashing and smoothly speed up till you reach the required speed for each application and every type of ingredient. Prepare all your favorite recipes at the touch of a button.

Titanium coated blade

Titanium layer coating (TiN) that makes the knife six times harder than a regular stainless steel knife and ensures great performance over time. Combined with optimized knife shape and unique ProMix triangular shape of the bar for the best blending results. It is food safe.

XL Chopper accessory

With the XL chopper accessory (1000ml) for a Philips hand blender you can chop large quantities of meat, herbs, nuts, cheese, chocolate and onions in seconds.

Compact chopper accessory

With the compact chopper accessory of the Philips hand blender you can chop herbs, nuts, cheese, chocolate and onions.

Whisk accessory

Single whisk accessory for Philips hand blender for whipping cream, mayonnaise, pan cake batter and more. Makes your hand blender multifunctional and versatile.

Anti-splash blade guard

The special wave shape in the bottom part of the handblender blending bar guarantees no splashes or mess while you blend.

Ergonomic rubber grip

Ergonomic soft touch handgrip, designed to give a secure and safe grip which allows for easy holding and maneuvering of the hand blender during use.

Single-Button Release System

Simple, quick and easy attachment and detachment of the blending bar and all the accessories with the use of one finger.

Avance Collection

ProMix Beaker 1L

A 1L triangular beaker is included with the handblender. The beaker of the handblender comes with a handy spout and measures. The unique triangular

shape feature of the beaker offers an easy grip and creates a vortex that pulls down the ingredients towards the bottom of the beaker where the ProMix blending bar cage is, for optimal blending, whisking and mixing.
