## Features

### Anti-glare LED disc

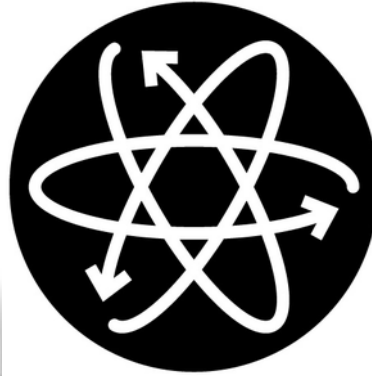

This light features the latest innovation in LED lighting: a flat anti-glare LED disc. This is a stunning array of six high-output LEDs mounted on a gorgeous ultra-thin disc. It directs stray light away from eyes and onto work surfaces without decreasing the brightness level.

### Dimmer on article

A dimmer is integrated in the lamp, allowing you to simply adjust the light to the way you want it.

### Rotates freely

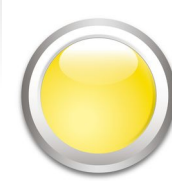

You can rotate the lamp head of the lighting fixture in the desired direction and direct light where needed.

### Energy saving

This LIRIO by Philips light conserves energy compared with traditional light sources, helping you to save money on your electricity bills and do your bit for the environment.

### Warm white light effect

Light up your home with warm white light. Lirio by Philips introduces a generation of warm white high-power LEDs. This innovation brings our lamps to the next level, allowing you to combine elegance and ambience creation with light and energy efficiency.
