An innovative design, and irresistible price

Modern, efficient LED alternative to incandescent

Philips SlimStyle BR30 LED bulbs are the same size as traditional BR30s but in an innovative slim design. This 9.5W bulb replaces a 65W incandescent, provides exceptionally long life, energy savings, quality light and contains no mercury.

Benefits

Long Life

- Lasts 22.8 years*

Energy efficient

- Reduces energy costs

Daylight

- Provides light similar to natural daylight

Easy to use

- Dimmable
- Instant On

Versatile design easily fits existing fixtures

- Similar to incandescent

PHILIPS

LED

Features

Dimmable

This bulb can be used with most dimmers to create your desired ambience.

Instant On

INSTANT ON

Just by turning the switch, the light is at full brightness. No slow starting or waiting.

Lasts 22.8 years*

Long life reduces the hassle of replacing bulbs so often

Reduces energy costs

This bulb saves up to \$152.63 in energy costs over the life of the bulb when you replace a 65 watt incandescent with this 9.5 watt LED light bulb**.

Similar to incandescent

This bulb is an easy switch from standard incandescent bulbs and is ideal for use in kitchens, living rooms and dining rooms in recessed cans and track light fixtures.

Provides light

When lighted, this bulb produces light all-around, similar to an incandescent bulb. It creates a comfortable atmosphere by providing a bright light, similar to daylight, that will not fade fabrics or furnishings. Aside from its bright, white light it also provides a wide beam of light, perfect for general room lighting.

Specifications

Please note that this is a pre-sales leaflet. The contents of this leaflet reflect the best of our knowledge per date and country mentioned above. The contents of this leaflet are subject to change without notice. Philips does not accept any liability as to the contents of this leaflet.

Light characteristics

| | |
|-----------------------------|------------|
| Color temperature | 5000 K |
| Light effect/finish | Soft White |
| Application | Daylight |
| Light output | 650 lumen |
| Color rendering index (CRI) | 80 |

Bulb characteristics

| | |
|-----------------|--------------------|
| Base | Medium Screw (E26) |
| Shape | Reflector |
| Lamp shape code | BR30 |
| Location | Indoor |
| Dimmable | Yes |
| Voltage | 120 V |

Bulb dimensions

| | |
|--------|-----------|
| Height | 4.97 inch |
| Width | 3.74 inch |

Durability

| | |
|-----------------------------|--------|
| Average Life Years | 22.8 |
| Average Lifetime (in hours) | 25.000 |

Power consumption

| | |
|--------------------|-------|
| Wattage | 9.5 W |
| Wattage equivalent | 65 W |

* 22.8 years means rated average life based on engineering testing and probability analysis where the bulb is used on average 3 hours/day, 7 days a week.

** At \$0.11 per kWh, this 9.5 watt, 650 lumen, LED BR30 uses \$26.12 of electricity over its 25,000 hour life. This is a \$152.63 savings when compared to the \$178.75 required to run a 65 watt, 650 lumen, incandescent BR30 over the same period. Actual savings will vary depending on cost per kWh.
