- Self-feeding meat mincer
- Grinder mill

#### Easier than you thought

- Unique open arm for full bowl access, easier to attach tools
- Easier to clean with rounded edges, covered hinge
- Dishwasher-safe bowl, bowl tools and accessory parts

# PHILIPS

## Features

### Powerful 900-W motor

Powerful 900-W motor for consistent, unbeatable results.

### Planetary Mixing Action

Planetary Mixing Action allows the kneading, mixing and whisking tools to move in a unique backwards and forwards movement rather than just in a simple circle, reaching all corners of the bowl, and resulting in smooth, thoroughly mixed ingredients.

### 7-speed control and pulse

Multiple speeds and pulse give maximum control for an unlimited variety of recipes.

### 4-l metal bowl with handle

Large, robust 4-l metal bowl can comfortably knead up to 1300 g of dough so you can make up to 4 12" pizzas or 2 loaves of bread in one go. The metal handle makes it easy to carry and pour, while the splash guard cover prevents splashing during use.

### Strong metal bowl tools

Metal kneading hook, beater and whisk are easy to lock into place with a simple twist. Specially designed kneading hook mimics kneading by hand to ensure smooth, lump-free dough.

### 1.25-l blender jar

Based on world-class leading Philips blender technology, high-performing blender attachment with a 4-star blade blends fruit, purees vegetables and crushes ice effortlessly so you can enjoy smoothies, sauces, dips or baby food in minutes.

### 1.5-l Food processor

Easy-to-attach food processor bowl with dedicated discs for slicing, chopping, shredding and granulating all manner of ingredients from vegetables to nuts to cheese.

### Citrus press

Handy citrus press attachment for fresh juice in minutes.

### Self-feeding meat mincer

Metal self-feeding mincer with special cleaning tool for easily and thoroughly cleaning the mincing screen.

### Grinder mill

Dedicated mill for grinding coffee, chocolate, nuts and other dry ingredients.

### Unique open arm for easier use

The open arm swings up in a practical position so you can easily attach and detach the bowl tools. It can be closed again with a simple one-handed push. The open arm also offers you full bowl access, a practical feature for checking consistency or adding ingredients.

Avance Collection

Easier to clean

Designed with rounded edges and covered gaps for easy, smooth cleaning.  
Plus dishwasher-safe bowl, bowl tools and accessory parts.

Dishwasher-safe parts

Dishwasher-safe bowl, bowl tools and accessory parts.
