

## Noise-Cancelling Headphones

- High-resolution audio
- On-ear
- Deluxe memory foam cushions
- Compact folding

NC1/00

# Hear nothing but first-class sound

Enjoy superior noise cancellation with the Fidelio NC1. All you get is uncompromised high-fidelity sound, minus the noise. Compact foldability and long-wearing comfort make it the best sound companion on long-haul or daily commutes.

## Benefits

### Uncompromised high-fidelity sound

- High-resolution audio reproduces music in its purest form
- Optimised 40-mm neodymium drivers for high-fidelity sound
- Standalone acoustic chamber for sound precision

### Art of Noise Cancellation

- Hybrid technology for superior noise cancellation
- Specially tuned for consistent high-fidelity sound
- Smart power solution keeps you connected to your music
- Zero hiss to ensure uninterrupted enjoyment

- 30 hours of ANC play time and unlimited music and talk time

### Travel in Style

- Advanced design styling with aluminium and rubber accents
- Compact multi-way folding for easy carrying and storage
- Ergonomic deluxe memory foam cushions for long-haul comfort
- Elegant hard travel case for stylish headphone protection
- In-line control and mic switch between music and calls

reddot award 2015  
winner

# PHILIPS

## Features

### High-resolution audio

High-resolution audio offers the best in audio performance, reproducing original studio master recordings more faithfully than 16 bit/44.1 kHz CD formats. This uncompromising quality makes high-resolution audio the best sound companion for the music lover. Fidelio headphones meet the stringent standards required for the Hi-Res Audio stamp of quality. Whether you are enjoying your Hi-Res collection or a more traditional music source, the smooth extended high frequencies of the Fidelio headphone range help you get more from your music.

### Superior noise cancellation

The Fidelio NC1 uses a feed-forward and feed-backward active noise cancellation (ANC) solution, which means there are 4 microphones implemented inside and outside the ear cans to capture noise for advanced processing. The feed-forward ANC (mic outside the ear can) covers a wider bandwidth of frequencies, while the feed-backward ANC (mic inside the ear can) provides fortified noise cancellation. This combination ensures cancellation over a wide frequency range and to a deeper extent for optimised music enjoyment in any environment.

### 40 mm high-definition drivers

Each speaker driver is carefully hand picked, tuned and tested before being paired to ensure the most balanced natural sound. The 40-mm drivers utilise high-power neodymium magnets to deliver true high-definition sound in a wide dynamic range, right down to the minutest details.

### Consistent high-fidelity sound

The noise cancellation feature of the Fidelio NC1 is specially tuned with optimal sound performance in mind. Challenging the perception that noise-cancelling headphones cannot deliver high-performance sound, the NC1 is engineered to deliver the best audio quality whether you're in a quiet or noisy environment.

### Advanced design styling

### Compact multi-way folding

The Fidelio NC1's lightweight, slim and compact foldable construction in a stylish design makes it the perfect travel companion. With multiple ways of folding the headphones, you can decide how the headphones can fit efficiently in your travel bag or even in the pocket of airline seats.

### Deluxe memory foam cushion

Materials used for the Fidelio NC1 are carefully selected to ensure long-wearing comfort and optimal sound performance. The ear cushions are crafted with memory foam, which moulds itself perfectly to the shape of your ears. Not only does it provide the ideal ergonomic fit, but it also enhances the headphone's noise-cancellation performance. The outer cushion is a combination of fabric and soft protein leather, which perfectly reduces both ear surface pressure and heat build-up. These elements make the NC1 an extremely wearable and comfortable companion for long-haul journeys.

### Elegant hard travel case

### In-line control and mic

With the in-line control and mic, you can easily switch between your music and phone calls. Fidelio's superb noise cancellation lets you enjoy crystal clear calls even in bustling environments.

### Smart power solution

Unlike most noise-cancelling headphones, the Fidelio NC1 keeps working with or without the battery to consistently deliver Fidelio's superior high-fidelity audio – in any environment. If the battery runs out, simply turn off the ANC and continue on your sound journey.

### Standalone acoustic chamber

The Fidelio NC1's standalone acoustic chamber ensures that sound is not affected by its components for active noise cancellation. Every natural sound

detail is isolated and precise, and dynamic bass is intact – without any compromise on sound clarity.

### Zero hiss

Hiss is the electronic sound you might hear when you wear headphones with ANC on but without any music playing. Our Fidelio noise-cancelling technology greatly minimises hiss to ensure that your listening enjoyment is not interrupted by any unnecessary noise.

## Specifications

Please note that this is a pre-sales leaflet. The contents of this leaflet reflect the best of our knowledge per date and country mentioned above. The contents of this leaflet are subject to change without notice. Philips does not accept any liability as to the contents of this leaflet.

### Sound

Acoustic system	Closed
Magnet type	Neodymium
Maximum power input	150 mW
Sensitivity	107 dB
Speaker diameter	40 mm
Impedance	16 ohm
Frequency response	in noise cancellation off mode 7-40000 Hz

Width	16.80 cm
Depth	8.60 cm
Net weight	0.34 kg
Gross weight	0.53 kg
EAN	06923410731736
Number of products included	1
Country of origin	CN
Harmonised Systems Code	851830

### Connectivity

Cable length	1.2 m
Connector	3.5 mm stereo
Finishing of connector	Gold plated
Type of cable	Copper

### Outer Carton

Length	18.50 cm
Width	17.80 cm
Height	21.90 cm
Gross weight	1.21 kg
EAN	16923410731733
Number of consumer packages	2

### Accessories

Aircraft plug	Yes, 2 * 3.5 mm
1.0-m USB charging cable	Yes
1.2-m audio cable	Yes
Travel case	Yes

### Loading Unit

Number of consumer packages	240
Length	106.80 cm
Width	71.60 cm
Height	109.50 cm
Gross weight	144.00 kg
Net weight	82.80 kg
GTIN/EAN	66923410731738
Type	8845
Number of CTIs per stack layer	48
Number of stack layers per unit	5
Number of outer cartons per layer	24

### Product dimensions

Depth	7 cm
Height	16.4 cm
Weight	0.191 kg
Width	14 cm
Depth	2.8 inch
Height	6.5 inch
Weight	0.421 lb
Width	5.5 inch

### Packaging dimensions

Height	20.20 cm
