

Case Logic Smartphone Lens Case Collection

Smartphone Lens Case

SPLC-101

Mini, protective case for smartphone lenses allows instagramers to shoot and post high-quality photos from anywhere.

Product Features:

1. Slim case stores 3-5 smartphone lenses and easily fits into a pocket or bag
2. Unique, patent pending snake divider system allows you to customize lens storage with just one hand – simply slide tractable panels to either create more space or coil to envelope your gear with 360° protection
3. Wide-mouth opening provides easy access to gear
4. Contoured shape and padded walls keep lens secure and protected
5. High visibility lining provides contrast so you can quickly spot your accessories
6. Stylish and trendy exterior to express your personality
