PHILIPS

Auto voltage

You must have your notebook charged at all times. The Philips portable notebook power adapter lets you do this all the time, wherever you are. Simply plug it into the mains anywhere with the right plug shape and straight into your notebook without worrying about adjusting the power to suit your personal notebook.

I fit neatly into your notebook bag

Fit into your notebook bag

The Philips portable notebook power adapter not only fits into your notebook bag, it's also a perfect fit for the Philips notebook bag. Philips notebook bag has a specifically designed pocket to carry your notebook power adapter and many compartments to keep your accessories in place.

Universal connectors fit most notebooks

Universal connectors fit most notebooks

Cable management

With a wraparound cable, the cable length can be adjusted to your needs (up to 3 metres). It also enables you to store the cable inside for the best portability.
