

## Philips

Spotify multiroom speaker

- Spotify Connect
- Multiroom
- Just hit "PLAY"

SW750M/12

# Spotify in every room

Play Spotify through your home speakers, using the Spotify app as a remote. Enjoy the music together.

## Benefits

### Using the Spotify app as a remote for your speakers

- Browse and play music on selected speaker with the Spotify app
- Music keeps playing through calls, videos and games
- Music streams directly on speakers, save mobile battery

### Multiroom speakers for you and your family

- Each user can play to any selected speaker at home
- Philips companion app simplifies wireless speaker setup
- Users can also play the same song on multiple speakers

### Just hit the 'PLAY' button

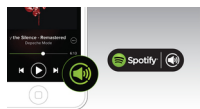

- Play a song from wherever you left off on your mobile
- Flip from room (speaker A) to room (speaker B)
- Switch instantly from mobile or tablet to speaker

### Powerful room-filling sound

- Four drivers to deliver 20-W powerful room-filling sound

## Features

### Spotify as a remote

### Multiroom speakers

Multiroom speakers mean you can play a song in one room, or in multiple rooms at the same time so your music can follow you around the house.

### Philips companion app

# PHILIPS

## Just hit "PLAY"

Just hit play to start your music wherever you left off on your mobile or tablet. Listen to your favourite tunes almost without interruption when moving from outdoors to indoors, or from one room to another.

## Four audiophile-grade drivers

The speaker features four audiophile-grade drivers and two bass ports for expanded low-frequency bass, creating a truly immersive and dynamic sound. Enjoy powerful sound in a compact size.
