Warm white light, no compromise on light quality

Warm white functional light for everyday usage

Philips LED T-shaped lamps provide a warm white, functional light effect and exceptionally long life. Designed in an extreme small form factor, this light bulb is the perfect match for refrigerators or cooker hoods with a small fitting.

Benefits

Soft warm white light

- True incandescent-like warm white light (2700 K)

Easy to enjoy

- Low energy consumption
- For use in refrigerators and cooker hoods

Sustainable choice

- Very low energy consumption, saving up to 90%

- Lasts up to 15 years

Instant light (LED)

- Instant light when switched on

Not suitable for ovens

- Not suitable for ovens

PHILIPS

LED

Features

Warm white light (2700 K)

Light can have different colour temperatures, indicated in units called Kelvin (K). Bulbs with a low Kelvin value produce a warm, cosier light, while those with a higher Kelvin value produce a cool, more energising light.

Very low energy consumption

By replacing traditional light bulbs with a Philips LED alternative, you will gain immediate, significant energy savings while contributing to a sustainable planet.

Lasts up to 15 years

With a lifetime of up to 15,000 hours, this Philips LED bulb will ensure your desired atmosphere for up to 15 years.*

Instant light when switched on

No need to wait: Philips LED light bulbs provide their full level of brightness immediately upon switching on.

Low energy consumption

Refrigerators and cooker hoods

The T25 LED application bulb was especially designed to replace your current halogen or incandescent application bulbs. It can be used in refrigerators or cooker hoods with a small fitting.

Not suitable for ovens

This LED application bulb cannot be used in ovens, as it is not designed for heat resistance. Look for application bulbs in the Philips halogen bulbs range if you are looking for an oven bulb.

Specifications

Please note that this is a pre-sales leaflet. The contents of this leaflet reflect the best of our knowledge per date and country mentioned above. The contents of this leaflet are subject to change without notice. Philips does not accept any liability as to the contents of this leaflet.

Bulb characteristics

Shape	Appliance
Cap/fitting	E14
Voltage	220-240 V

Lumen maintenance factor	0.7
Average life (at 3 hrs/day)	15 year(s)

Power consumption

Wattage	1.7 W
Wattage equivalent	15 W
Energy efficiency label	A++
Power consumption per 1000h	2 kW h

Bulb dimensions

Height	63.5 mm
Width	25.5 mm

Light characteristics

Light output	136 lumen
Colour	Warm White
Colour temperature	2700 K
Light effect/finish	Warm White
Colour rendering index (CRI)	80
Starting time	< 0.5 s
Warm-up time to 60% light	Instant full light
Colour consistency	6 SDCM

Other characteristics

Lamp Classification	RG0
Risk Group	
Mercury content	0 mg
Power factor	0.6
Lamp current	35 mA

Rated values

Rated power	1.7 W
Rated luminous flux	136 lumen
Rated lifetime	15000 hour(s)

Durability

Number of switch cycles	50000
