INSTALLATION INSTRUCTIONS

1. Turn projector upside down.

2. Remove the four plastic corner brackets from the projector, saving the screws for re-use. (The four plastic corner brackets should be saved if the projector may be used later on a table.)

3. Attach the steel corner brackets to the proper corners on the projector and secure with the screws removed in step 1.

4. Attach the mounting bracket to the projector and secure using the $^1/4$-20 x ¾" bolts and washers.

5. See Smart-Lift™/RPA Instructions for installing to mount.
