- Power consumption per 1000h: 6 kW h

Highlights

Instant on

INSTANT ON

Just by flipping the switch, your room is at full brightness. No slow starting or waiting.

Lasts 22.8 years*

Long life reduces the hassle of replacing bulbs so often.

Perfect for accent lighting

This LED GU10 spot light provides a focused beam of bright light, perfect for creating extra dimension and depth with accent lighting.

Provides bright light

This bulb creates an energizing atmosphere by providing a bright, white light that will not fade fabrics or furnishings.

Reduces energy costs

This bulb saves \$121 in energy costs when you replace a 50W incandescent with this 6W LED light bulb.*

Similar shape and size

This bulb is an easy switch from standard incandescent GU10 spot light bulbs and is ideal for use in spot and track lighting.

* At \$0.11 kWh, this 6 watt, 300 lumen LED GU10 uses \$16.50 of electricity over its 25,000 hour life. This is a \$121.00 savings when compared to the \$137.50 required to run a 50 watt, 700 Candela (candlepower) halogen GU10 over the same period. Actual savings will vary depending on cost per kWh.

*22.8 years means rated average life based on engineering testing and probability analysis where the bulb is used on average 3 hours/day, 7 days a week.
