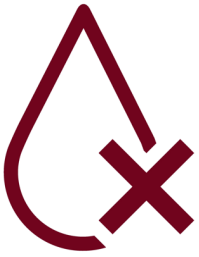
- LED power switch lights up when the coffee maker is switched
- The aroma twister circulates the coffee for an optimal taste
- 1.2 litre capacity for 2–15 cups
- Dishwasher-proof parts for easy cleaning
- A water level indication for easy filling

Highlights

Automatic shut-off (30 min.)

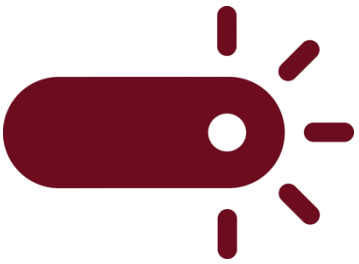
30 minutes after brewing your coffee, the coffee maker switches off automatically for energy saving and safety. This is according to EU regulation, which is applicable for all coffee makers in the EU.

Drip stop



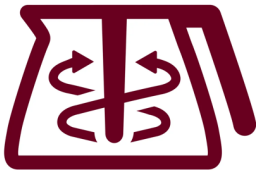
The drip stop allows you to pour a cup of coffee before the full brewing cycle is finished.

LED power switch



The red light on the switch button illuminates when the coffee maker is switched on.

Aroma twister

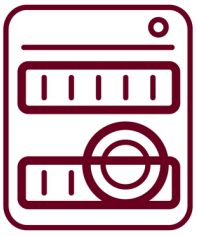


This smart nozzle inside the jug circulates the inflowing coffee evenly through the jug for an optimal and consistent aroma, from the first to the last cup.

1.2 litre capacity

This coffee maker can brew up to 10 (large)/15 (small) cups of coffee, equating to a maximum of 1.2 litres. However, this coffee maker has a compact design and takes up little space in your kitchen.

Dishwasher-safe parts



The jug and filter holder can be easily cleaned in the dishwasher.

Smart water level indication

Fill the water tank easily and precisely with the water level indication.

Specifications

General Specification
