PHILIPS

Bluetooth® sports headphones
6-mm drivers/closed-back In-ear

Highlights

Bluetooth 3.0

Bluetooth 3.0 support – without the hassles of cables

Carrying pouch

Carrying pouch for convenient storage

Easy NFC Pairing

Easy NFC pairing lets you connect your in-ear Bluetooth headphones with any Bluetooth-enabled device – with just a single touch.

Fine-tuned micro drivers

Finely tuned micro drivers ensure the best sound performance in your in-ear Bluetooth-powered headphones. As we have combined

fine-tuned 6-mm micro drivers with the equalizer on the Bluetooth chip, the SHQ7300 sports headphones deliver uncompromisingly powerful yet balanced sound whilst remaining both compact and comfortable.

Moisture-proof IPX2

IPX2 moisture-proof materials make the SHQ7300 ideal for outdoor activities and casual sports. IPX2 is the international standard for water proofability, ensuring that dripping sweat or moisture won't enter the earpiece.

Perfect in-ear seal

Super-small speaker drivers inside these earphones fit comfortably inside the ear, yet their exceptionally snug fit seals out outside noise for an intense, high-quality listening experience.

Smart cable adjuster

Smart cable adjuster allows you to adapt the length of the cable depending on your different sports activities and needs. Simply click the cable onto the cable adjuster and move it to

SHQ7300LF/00

the ideal length, you're now ready for your smooth, tangle-free workout!

Two in-ear grip sizes

The SHQ7300 comes with additional rubber earloops that can be attached to the earphones for greater comfort and secure on-ear grip.

Ultra-lightweight and secure

Enjoy your music during your favourite sporting activity with the SHQ7300's ultra-lightweight design and in-ear secure lock for a perfect fit and freedom of movement – always.

Wireless music and calls

When it comes to endless music listening pleasure and hassle-free switching between music and calls, nothing beats Bluetooth! To enjoy your favourite tunes, pair your Philips SHQ7300 with your Bluetooth-enabled smart phone or tablet – all it takes is a tap on each earshell's intuitive control to change the volume or pause a song, while you handle incoming and outgoing calls.
