

Thule Vectros Protective Bumper Case

Thule Vectros Protective MacBook Bumper MacBook Pro Retina 15"

TVBE-3154

Thule knows protection, and the Thule Vectros MacBook Bumper is no exception. Engineered to protect your MacBook from drops up to 1 meter, this innovative snap on case is rugged, while still retaining the beautiful aesthetics of the MacBook you want to protect.

Product Features:

1. 1 Meter Drop Protection:
 - Bi-Component Armor™ protects hardware from 1m drop
 - 48% reduction in impact force during a 1 meter drop versus standard snap-on shell cases
 - Reduces likelihood of denting aluminum frame and cracking screen

2. THULE Tested
 - Advanced product testing at our state of the art facility in Sweden
3. Positive closure to prevent opening during impact
4. Improved grip
 - Tactile grip improving ease of use and handling
5. Work Out of Functionality
 - Access to all ports during use
