#### Wireless connectivity

- Full control from your smart device with extended features
- Get light notifications to keep you connected
- Set lights to turn on and off when you're away from home
- Always up to date
- Connect up to 50 Hue bulbs and lamps

**PHILIPS**

## Features

### 4 light recipes

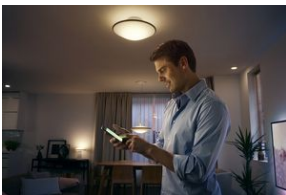

Get the best light for whatever you do. Philips Hue has captured the optimal light for your daily activities in 4 light recipes. "Energize" bathes you in cool and vibrant light for that extra boost. "Concentrate" enables you to focus and get your work done with finely tuned bright white light. "Read" gives the optimal warm white light that does not strain your eyes - perfect for that good read. "Relax" helps you to unwind with a soft glow of warm white light.

### All shades of white light

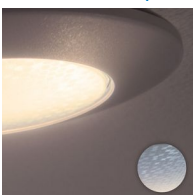

Set the right ambience for any moment with a range of beautiful, natural white LED light. Use the app on your smart device to set any shade of white light, from cool energizing daylight (6500K) to relaxing warm white light (2200K).

### Smooth wireless dimming

Adjust the brightness of your Philips Hue lights easy and seamlessly via your smart device. No need to rewire your home or install a wall dimmer.

### 3D texture for sparkling light

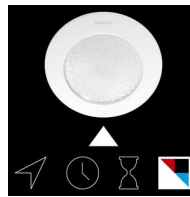

Hue Phoenix has a 3D texture that enhances its looks and gives a pleasant diffusion of light. The surface of the lamp is covered with a hexagonal pattern that captures and reflects light, which creates a sparkling effect. The effect changes depending on your viewing angle, making Hue Phoenix a dynamic and eye-catching piece of decoration in your home, even when the lights are off.

### Control from your smart device

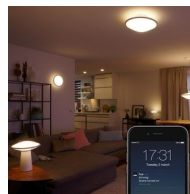

Connect this Philips Hue lamp with the Hue bridge and discover the full range of lighting possibilities. Control the Hue lamp wirelessly from any iOS or Android device via the Philips Hue app or any third party app developed for Hue. Set timers, notifications, alarms, geofencing for soft security, and sync to your entertainment system for the full Hue experience.

### Timers & light notifications

Set your Philips Hue lights to notify you of incoming calls, messages, social media updates, appointments, the weather and other relevant communications received through your smart device. Through the IFTTT platform, you can set different behaviors for your lighting. Hue's ambient light notifications are a pleasant way to keep you informed and connected.

### Safety and security at home

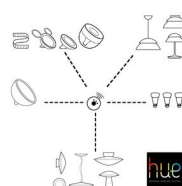

Make it look like you are at home even when you are away. Set scheduled alarms or use timers to turn your lights on and off at fixed or random times. With online access, you can also control your home lighting directly via the app on your smart device. Enable geofencing in the app and your lights will automatically turn on or off when you enter or leave the house. Convenient and peace of mind - wherever you are.

### Upgradeable

Philips Hue is based on ZigBee, a low power, safe, and reliable technology to control your lights. New features and improvements are continuously added to the system. Updates to both software and firmware are done wirelessly and seamlessly directly to your Hue product.

### Expand your Hue ecosystem

You can connect up to 50 bulbs or lamps to the Philips Hue bridge. Simply begin with any of the available starter kits and start adding Philips Hue

products. You can then control your lights at the swipe of a finger with the intuitive Philips Hue app for iOS and Android smart devices.

## Specifications

[field not found 'disclaimer\_text']

### Design and finishing

Material	synthetics metal
Color	white

Built in LED	YES
IP code	IP20 protection against objects bigger than 12.5 mm no protection against water
Class of protection	II - double insulated
Light source equivalent to traditional bulb of	31 W

### Product dimensions & weight

Length	14 cm
Width	8.4 cm
Net weight	0.296 kg
Recessed distance	10 cm
Cut out length	12.5 cm
Cut out width	12.5 cm

### Service

Warranty	2 year(s)
----------	-----------

### Technical specifications

Mains power	Range 220 V - 240 V 50-60 Hz
Bulb technology	LED Safety Extra Low Voltage
Number of bulbs included	1
Wattage bulb included	5 W
Maximum wattage replacement bulb	5.5 W
Light color	warm white
Fixture dimmable	Yes
LED	Yes

### Packaging dimensions & weight

Height	14.8 cm
Length	14.3 cm
Width	9.3 cm
Weight	0.394 kg

### Miscellaneous

Especially designed for	Living- & Bedroom
Style	Functional
Type	Contemporary Recessed spot light
