

#### AquaTrio Pro with Triple-Acceleration Technology

- 3-in-1: vacuums, mops & dries
- Triple-Acceleration Technology
- Visible wet cleaning
- All hard floors

FC7088/61

## Vacuums, mops and dries in one go

Visible wet cleaning for hard floors

AquaTrio Pro simultaneously vacuums, mops and dries, saving up to 50% time and effort\*. Powerfull and gentle microfiber brushes to effectively remove dirt & stains. For perfect visible wet cleaning results on all hard floors\*\*.

### Benefits

#### Revolutionary technology for perfect results

- Advanced cleaning performance for perfect results
- Removes up to 99% of bacteria\*\*\* and reduces allergens
- 2 micro-fiber brushes remove all dirt, dust and grime
- Allergy friendly quality tested by ECARF

#### Constant cleaning performance

- Separate clean and dirty water tanks
- Fast rotating brushes clean themselves while in use

#### Easy to use and efficient

- Effective with cold/warm tap water, with/without detergent
- Floor dries 50% faster than regular mopping
- Ideal for all hard floors\*\*
- Cleans more than 60m<sup>2</sup> with one water tank
- LED indicators to inform when action is required
- Save up to 50% energy. Save up to 70% water\*
- Self-cleaning appliance with flushing tray

**PHILIPS**

## Features

### Triple-Acceleration Technology

- Vacuums: powerful Aqua Cyclone pulls and removes all spills, dirt and dust - Mops: counter-rotating microfiber brushes apply a mist of clean water to efficiently lift dirt and grime. All dirt is dissolved in water and captured in a separate tank. - Dries: brush rotation speed creates airflow that leaves the floor virtually dry

### Hygienic cleaning results

AquaTrio Pro removes up to 99% of all bacteria\*\*\* and reduces allergens. Because of the separation of a clean and dirty water tank all dust and allergens will be trapped in the dirty water tank.

### Tap water

AquaTrio Pro gives excellent results using just cold or warm tap water. If required, you can also add detergent of your choice but use always a low-foaming or non-foaming floor cleaning detergent which is suitable for your hard floor.

### Fast rotating brushes

Powerful micro-fiber brushes rotate at 6700 rpm to effectively remove all spills, dust and dirt while adapting to the different shapes of the floor and even cleaning in crevices.

### Separate water tanks

Separate clean and dirty water tanks ensure that you always mop with clean water, all dirt and allergens are contained in the dirty water tank.

### Floor dries 50% faster

Floor dries up to 50% faster compared to regular mopping.

### For all hard floors\*\*

Perfect for all hard floors (suitable for wet mopping): wood, parquet, laminate, vinyl/linoleum, ceramics/tiles, marble/natural stone.

### Cleans more than 60m<sup>2</sup>

One full tank containing 700ml cleans more than 60m<sup>2</sup> of hard floor; cleaning large areas using only a minimal amount of water.

### LED indicators

A LED indicator shows you when action is needed. It turns green when AquaTrio Pro is on and ready to clean. It turns blue when the watertanks need either to be filled up or emptied. And finally, it turns red when there is something interfering the brushes, so you can remove the obstacle and keep cleaning easily.

### Save 50% energy/70% water\*

Highly-efficient power usage saves you up to 50% in energy consumption compared to vacuuming. You also use up to 70% less water compared to wet mopping.

### Self cleaning brushes

Brushes clean themselves during use. The centrifugal forces spin dirt and water picked up from the floor out of the brushes and into the dirty water tank. For optimal cleaning performance replace the AquaTrio Pro brushes every 6 months (FC8054).

## Self-cleaning appliance

# Auto clean

AquaTrio Pro cleans itself. Simply place the appliance on the specially-designed flushing tray, pour a cup of tap water into it, and switch it on for a few seconds.

## ECARF certified

AquaTrio with water filtration is certified as Allergy friendly by the European Centre for Allergy Research Foundation. Its Aqua Cyclone encapsulates dirt and dust, allergens are captured in water and cannot become airborne again. AquaTrio is removing 99,95% of allergens from cat & dog hairs, dust mites or pollen for an allergy friendly home environment.

## Specifications

[field not found 'disclaimer\_text']

### Design

Color Anthracite

### Filtration

Filter system Cyclonic. No filter to clean

### Performance

Input power (IEC) Max 500 W  
Mechanical power 6700 rpm  
Cleaning Technology Triple-Acceleration Technology  
Mopping element 2 microfiber rotating brushes

### Usability

Surface coverage per tank More than 60m<sup>2</sup>  
Clean water: Refill indicator Yes, LED indicator  
Action radius 9.5 m  
Power supply Corded  
Start up time Immediately  
Suitable for wood and parquet Yes  
Detergents that can be used clear detergent or just water  
Change brush while cleaning Not needed  
Filters to clean None  
Handle for easy lifting Yes  
Moves forwards or backwards Yes  
Clean water tank capacity (max) 0.65 L  
Dirty tank: Full indicator Yes, LED indicator  
Dirty water tank capacity (max) 0.8 L  
Cord length 8 m

### Sustainability

Energy efficient Yes

### Weight and dimensions

Dimensions of product (LxWxH) 305 x 320 x 1150 mm  
Weight of product 6.7 kg  
Weight with packaging 10.8 kg  
Dimensions of packaging (LxWxH) 790 x 390 x 395 mm

### Nozzles and accessories

Accessories included Flushing tray  
Nozzle width 320 mm

### Packaging dimensions

Height 34.00 cm  
Width 39.00 cm  
Depth 78.00 cm  
Nett weight 7.20 kg  
Gross weight 9.57 kg  
EAN 08710103654728  
Number of products included 1  
Country of origin HU  
Harmonised Systems Code 850811

### Outer Carton

Length 78.00 cm  
Width 39.00 cm  
Height 34.00 cm  
Gross weight 9.57 kg  
EAN 18710103654725  
Number of consumer packagings 1

\*\* Suitable for wet mopping

\*\*\* Compared to vacuuming with a 2200 W vacuum cleaner and regular mopping

\*\*\* when used with detergent
