HTL1177B/F7

Great Sound for any TV

Get amazing virtual surround sound from your TV via just one cable! In addition to movies, you can also enjoy music wirelessly via Bluetooth and get access to your music library via USB.

Benefits

Connect and enjoy all your entertainment

- Wireless music streaming via Bluetooth
- Enjoy MP3 music directly from your portable USB devices
- Audio in to enjoy music from iPod/iPhone/MP3 player
- Works with TVs, BD/DVD players, gaming consoles, MP3 players

Designed for simplicity

Features

Virtual Surround Sound

Philips Virtual Surround Sound produces rich and immersive surround sound from less than five-speaker system. Highly advanced spatial algorithms faithfully

- Low-rise profile for the perfect fit in front of your TV

Richer sound for watching TV and movies

- Virtual Surround Sound for a realistic movie experience
- Dolby Digital for ultimate movie experience

replicate the sonic characteristics that occur in an ideal 5.1-channel environment. Any high quality stereo source is transformed into true-to-life, multi-channel surround sound. No need to purchase extra speakers, wires or speaker stands to appreciate room-filling sound.

PHILIPS

Dolby Digital

Because Dolby Digital, the world's leading digital multi-channel audio standards, make use of the way the human ear naturally processes sound, you experience superb quality surround sound audio with realistic spatial cues.

Bluetooth

Bluetooth is a short range wireless communication technology that is both stable and energy efficient. The technology allows for easy wireless connection to other Bluetooth devices, so you can play your favorite music from any smartphone, tablet or laptop, including the iPod or iPhone with a Bluetooth-enabled speaker.

Enjoy MP3 music directly

Audio in

Audio in allows you to easily play your music directly from your iPod/iPhone/iPad, MP3 player, or laptop via a simple connection to your Philips home cinema system. Simply connect your audio device to the Audio in jack to enjoy your music with the superior sound quality of the Philips home cinema system.

Low-rise profile

Works with multiple devices
