

SafePort Rotating Hand Strap and Shoulder Strap for Rugged Max Pro

THD070US

Overview

The SafePort Rotating Hand Strap and Shoulder Strap for Rugged Max Pro Cases are designed to help users have the best experience while using their rugged case. The hand strap features 360 degree rotation for easy viewing and an adjustable, soft-to-the touch material for enhanced comfort. The adjustable shoulder strap makes it easy to carry around the neck or over the shoulder. Combined, they make it the ideal solution for professionals working in the field, allowing the case to be more functional.
