Superior technology

- · Air and micro-droplet technology
- · High-performance nozzle
- Triple-burst customisable settings

The easiest way to effectively clean between teeth

 \cdot An easy way to start a healthy habit

Highlights

Better gum health

Philips Sonicare AirFloss Pro/Ultra nozzle is clinically proven to improve gum health as much as floss.** Helps improve gum health in as little as two weeks.

Up to 99.9% plaque removal

AirFloss Pro/Ultra removes up to 99.9% of plaque from treated areas.***

Helps prevent cavities

By gently bursting away plaque that brushing missed, Philips Sonicare AirFloss Pro nozzle helps prevent cavities from forming in the spaces between your teeth.

Micro-droplet technology

Our clinically proven results are possible thanks to our unique technology, which combines air and mouthwash or water to powerfully yet gently clean between teeth and along the gumline.

High-performance nozzle

The new AirFloss Pro/Ultra high-performance nozzle amplifies the power of our air and micro-droplet technology to be more effective and efficient than ever.

Triple-burst customisation

AirFloss Pro nozzle's powerful spray can be customised to your liking, with single, double or triple bursts for each press of the activation button.

Easily start a healthy habit

Interproximal cleaning is very important to overall oral health. AirFloss is an easy way to clean deeper between teeth, helping to form a healthy habit.
