

InLine® Laser Range-Finder 0.05 - 40 meters / 131 feet high-precision up to +/- 2mm

43125

The InLine® laser distance meter allows the easy and convenient measuring of distances up to 40m, including calculation of areas, volumes and heights

- Measuring range: approx. 0.05 to 40m

-
- Simple distance measurement and calculation function of area, volume, height (above the Pythagorean theorem), and addition and subtraction of areas
 - Storage and retrieval of the last 50 measurement results
 - Display in metric and british unit system
 - Display: LCD with backlight
 - Automatic shutdown
 - Measurement accuracy typically (md standard deviation): $\pm 2\text{mm}$
 - Measuring range: 0.05 - 40m
 - Laser Type: Wavelength 620- 690nm, < 1mW, class 2
 - Measurements per battery set: up to 8000
 - Distance unit: Meter, inches, feet
 - Operating temperature: 0 to +40°C
 - Storage temperature: -20 to +65°C
 - Display of minimum and maximum values
 - Continuous measurement possible
 - Splash / dust -proof: IP40
 - Batteries: 2x AAA, 1.5V, not included
 - Weight: 90g
 - Dimensions: 112x48x25mm
