

wet & dry electric shaver with precision trimmer

- GentlePrecision blade system
- Comfort rings
- 50 min cordless use/1 hr charge

S7370/12

Smooth glide, sensitive shave

Philips' no. 1 on sensitive skin*

The Philips series 7000 protects against the key signs of skin irritation. SkinGlide rings with anti-friction coating enable the shaver to glide effortlessly across your face. Its blades cut close and protect skin, even with 3-day stubble.

Benefits

Designed for maximum skin comfort

- SkinGlide rings with anti-friction coating for smooth glide
- 5-direction flex heads follow contours with less pressure
- Aquatec gives you a comfortable dry or refreshing wet shave

A close and smooth shave

- Blades protect skin and cut close even with three-day stubble

Easy to use

- Intuitive display with 1-level battery indicator
- 50 minutes of cordless shaving
- Comes with a 2 year guarantee
- Shaver can be rinsed clean under the tap

Get the most out of your shaver

- SmartClick precision trimmer for moustache and sideburns

PHILIPS

Shaver series 7000

Features

SkinGlide rings

Experience a more comfortable shave with anti-friction SkinGlide rings coated with microspheres. Thousands of tiny glass-like rounded spheres reduce friction and surface resistance between the shaver and the skin. This gives the shaver a smooth, easy glide and helps protect against skin irritation.

5-direction Dynamic Flex Heads

Our shaver heads flex easily in five directions, gently following all the contours of the face and neck. Less pressure is needed to shave closely and skin stress is minimised.

GentlePrecision PRO blades

Our updated cutting system has skin protection technology, designed to only cut hair not skin. V-shaped blades guide the skin away from the blades for a close, smooth shave — even on three-day stubble.

1 level battery indicator

The intuitive display shows relevant information, enabling you to get the best performance out of your shaver: 1-level battery indicator - cleaning indicator - battery low indicator - replacement head indicator - travel lock indicator

Aquatec Wet & Dry

Adapt your shave routine to your needs. With the Aquatec Wet & Dry, you can go for a comfortable dry shave or a refreshing wet shave. You can shave with gel or foam, even under the shower.

50 minutes of cordless shaving

The energy-efficient, powerful lithium-ion battery system gives you two convenient options: Charge it for an hour for up to 50 minutes of shaving time, or a quick charge for one full shave. All Shaver series 7000 models are designed to operate only in cordless mode to ensure safety in wet environments.

Built to last

We back this Philips shaver with a 2 year guarantee. Our Series 7000 shavers are designed for performance and durability.

Fully washable shaver

Simply open the shaver head to rinse it thoroughly under the tap.

SmartClick Precision Trimmer

Finish your look with the click-on precision trimmer. It's ideal for maintaining your moustache and trimming your sideburns.
