EXD20DN3W Dehumidifier

Create comfort in any room

Hot summers and wet winters can create humid homes. But now you can control humidity anywhere with our AmbiFlex. Its smart controls quickly transform your indoor environment, efficiently and effectively. Easily portable, so you can move it to where it's most needed and stylishly designed to blend into any interior, the AmbiFlex will help create a sanctuary in your home.

The highly portable option

So easy to move from room to room using the sturdy handle on the top, this portable unit also has smooth castors designed to protect your floor. These, plus its compact size, mean it's a truly flexible choice.

Modern Scandinavian looks

Its design is distinctively Scandinavian, combining contemporary, clean lines with sophisticated function, including an easy-to-read LED display. So it blends seamlessly into any modern home.
