System requirements	- PC / Laptop with USB port - Windows 10, 8, 7 - Sony PlayStation 3

Marketing

Extended retailer text	Do you have a need for speed? Do you enjoy showing your driving skills while being chased by the police? Or test the newest circuits? The GXT 288 racing wheel will allow you to experience your racing game like you have never done before. Easy to use
------------------------	---

Start racing like a professional with the rubber coated wheel, sequential stick shifter and realistic gas and brake pedals. Ready to start racing? Easily attach the racing wheel to your table with the included table mount and robust terminal.

Realistic experience
Reach new levels of speed, precision and comfort with the GXT 288. The 270 degree wheel rotation will result in very accurate steering precision. The foot pedals (included) are very similar to those in an actual car, ensuring a realistic experience.

Ergonomically designed
The rubber coating of the GXT 288 ensures a firm grip, allowing you optimal control during your game. And besides, it features an ergonomically designed wheel, which provides comfort during long racing sessions. The adjustable steering sensitivity allows you total control.

Vibration feedback
The GXT 288 includes vibration feedback. This feature ensures realistic racing effects, because the steering wheel will transform in-game effects into true steering wheel vibrations. This doesn't make you only experience the game visually, but also physically.
*Vibration feedback must be supported by game.

Specifications

Total weight	2.920 g
Pedal unit	brake throttle
Software	false
Diameter wheel	10,8 "
Driver needed	false
Adjustable steering sensitivity	yes, on wheel
Analogue stick	true
Autocentering function	true

Controls	directional pad
Gear control	stick
Number of buttons	18
