# PHILIPS

Bulb  
9 W (60 W) E27, Warm Glow, Dimmable

# Specifications

## Bulb characteristics

- Shape: Bulb
- Cap/fitting: E27
- Dimmable
- Voltage: 220–240 V

## Power consumption

- Wattage: 9 W
- Wattage equivalent: 60 W
- Energy efficiency label: A+
- Power consumption per 1000h: 9 kWh

## Light characteristics

- Application: Sparkling light
- Light output: 806 lumen
- Colour: Warm White
- Colour temperature: 2200 - 2700 K
- Light effect/finish: Warm White
- Colour rendering index (CRI): 80
- Starting time: < 0.5 s
- Warm-up time to 60% light: Instant full light

## Durability

- Lifetime of lamp: 15000 hour(s)
- Number of switch cycles: 50000
- Lumen maintenance factor: 0.7
- Average life (at 2.7 hrs/day): 15 year(s)

## Bulb dimensions

- Height: 110 mm
- Width: 60 mm

## Other characteristics

- Mercury content: 0 mg
- Power factor: 0.7
- Lamp current: 53 mA

## Rated values

- Rated power: 9 W
- Rated luminous flux: 806 lumen
- Rated lifetime: 15000 hour(s)

8718696481240

# Highlights

## 2700–2200 K [LED lamps]

Light can have different colour temperatures, indicated in units called Kelvin (K). Bulbs with a low Kelvin value produce a warm, cosier light, while those with a higher Kelvin value produce a cool, more energising light.

## Soft Sparkling light

Innovative design for optimal light performance

## High colour rendering (CRI>80)

The colour rendering index (CRI) is used to describe the effect of a light source on colour appearance. Natural outdoor light has a CRI of 100 and is used as the standard of comparison for any other light source. The CRI of Philips LED light bulbs is always higher than 80, close to the sun's value, reflecting colours truly and naturally.

## Beautiful, switched on and off

Familiar shapes are a perfect fit for your fixtures: we have retained the shapes and appearance of the classic light bulb

## Instant light when switched on

No need to wait: Philips LED light bulbs provide their full level of brightness immediately upon switching on.
